Beautiful colors too. The hot #2020 wheels began to appear, but before we totally moved on from 2019, we needed to look at #2019 New Model: #Mod Rod. This modern, modified hot rod – like that fashion rod - is a super slick Hot Wheels original design by Dmitriy Shakhmatov. It just started appearing in the last case code for 2019, Q association case; and will carry on in 2020 into the file A. Hot Wheels Mod Rod from the 2019 Cool Factory... Also part of the 2019 New models (on cloud track) so what's not to like about #First edition #Mod Rod? Everything about him is edged: From his aggressive detail to dropping details on his blue attitude paint. This 2019 #Factory fresh series is probably the most distant thing from being cool factories like this custom hot branch is certainly not factory. But yes, let's start there. This one set a #51 #Gumball 3000 delivery that unlike any colour scheme we've seen on a hot car before. Matthew's blue attitude is a perfect contrast to the gold metallflake tampos – E, it's once that we'll actually see again. This is the vehicle #1 an unofficial 3-car set that will be released over the next year or so. Erikenstein’s Rod Erikenstein was shown by Hot Wheels Designer, Eric Han at the last convention; shall #2 a #52 upon his side. Hot Wheels Mod Rod from the Factory 2019 Fre... Also part of the 2019 New Models (top-right view) so what's not like about the Wheels #Mod Rod???? I discussed with myself about the most cool feature of this distributed and simply can't decide on just one. The raked aggressive position is pretty cool with #Steelei 8-spoke wheels at the back and (more) thin #Aero Disc Wheels in the front. Even the roof overhanging that eliminates the need for any A-pillar, creating a windshield front panoramic is a cool design element... Hot Wheels Mod Rod from the Factory 2019 Fre... Also part of the 2019 New Models (side) Maybe it is the fact that #Mod Rod just looks fast! There are three massive spikes coming from the V6 engine that are eating large amounts of fresh air in a rational newsletter programmatic. Headphone-shaped, pipe exhaust location - the ride comes right from the engine like a cannon ready to fire. Oh, and in the rear, there is an expanded pole window – if I've ever seen one – looking at everyone in its dirt. Below is a trunk – think leather and used in 1920 for a triffering family vacation - into a trunk (modern car) that was closed by two leather spaces. Hot Wheels Mod Rod from the Factory 2019 Fre... also part of the 2019 New Models (rear) Basically, #Mod Rod Screaming Classic Hot Wheels Design that is always cool to see from a young (er) designer at Dima. It inspires me to bring out two friends... the first of which they were similar is called, Mob Rod that came out in 2010. yes, it was a modern design, but it came from redline-era & classic fantasy car designer, Tom Daniel. Tom designed the Red Baron Red Bus Brothers and Sand Crab that should have said enough; but his ability to come back and work with the Hot Wheels design Mob Rod speaks volumes. It was also one of the cold moments in the history of the Red Line Club. Hot Wheels Mod Rod from the Factory 2019 Fre... also part of the 2019 New Models (head-to-head with 2010 HWC S9: Mob Rod) in any way that Rod's Mob represents classic gangsters though, the rebel #Mod Rod represents modern-day rebels. Rod's fashion is totally something you might expect to see pulling up at one of the Legendary Hot Wheels events. It is definitely built, by buying more notions of head-scratch as to why this is at the Fresh Factory for 2019. Hot Wheels Factory Cool? Yes! Factory automotive fees? No. That leads me to the other classic hot design wheels it reminds me of: #Bone the Shaker. Yes, I know the Bone Shaker is not a classic design in terms of age, but its designer – Mr. Hot Wheels, Larry Wood – is as classic as they come. From the moment the Bone Shaker was released in 2006, it became a main on all collect-favorite lists – an instant classic! Hot Wheels Mod Rod from the Factory 2019 Fre... also part of the 2019 New Models (head-to-head with 2006 First Edition: Bone Shaker in Red) If you think of #Bone Shaker's attitude and its aggressive position, simply look at the head-to-head above and tell me #Mod Rod doesn't look more fierce. He shouldn't take anything away Zo Shaker la kom gen yon rezon ki fe li yo yon pesepte tout tan tout tan. Li yo montre ki jan bel nan yon konsepsyon sa a nouvo Mod Rod se - nouvo #Hot Rod sou blok la. Eske #Mod Rod janm rive nan #Bone Shaker? Pwobableman pa tankou sa yo se kek soulye gwo ranpli. Zo Shaker a te rankontre imedyatman ak reklamasyon kolekte pandan yo ap buzz la alantou Mod Rod la te deja senme kom pesepte gade devan 2020. Toujou, mwen panse ke kolekte yo pral reponn byen nan Mod Rod la nan ane yo ki ap vini tankou two gwo li yo yon distans tou senpleman inyore. Mwen te deja fe moute lide mwen 'ke mwen pral kolekte sa a distriye nan tout ane ki ap vini yo. e ou menm? Ki panse ou sou konsepsyon badj sa a?
